Board Meeting Agenda

The Board chair, with the assistance of the administrator/principal, will prepare an agenda for all regular meetings of the Board. Items of business may be suggested by any Board member, staff member, student or person of the HCCS community by notifying the HCCS Board (board@hopeccs.org) at least seven working days prior to the meeting.

A consent agenda may be used by the Board for noncontroversial business. The consent agenda will consist of routine business that requires action but not necessarily discussion. These items may all be approved at the same time. A Board member may ask that any item be removed from the consent agenda. The removed item will then be placed on the regular agenda.

The agenda will follow a general order established by the Board. Opportunities for the audience to be heard may be included on the agenda. The Board will follow the order of business set up by the agenda unless the order is altered by a consensus of the Board.

Items of business not on the agenda may be discussed and acted upon if the majority of the Board agrees to consider them.

The agenda, together with supporting materials, will be distributed by the HCCS office or administrator/principal to Board members at least two full working days prior to the meeting. The agenda will be available to the press and to interested patrons through the school office at the same time it is available to the Board members. Copies of the agenda for the press and public will not contain any confidential information included in the Board members' packets.

A copy of the agenda will be posted on the school website on the day of the meeting. Members of the public may request a copy of the agenda through the school office.

The HCCS will ensure equally effective communications are provided to qualified persons with disabilities, upon request¹, as required by the Americans with Disabilities Act. Auxiliary aids and services for persons with disabilities will be available at no charge to the individual.

END OF POLICY

¹ Appropriate auxiliary aids and services may include, but are not limited to, qualified interpreters, assistive listening systems, note takers, large print, Braille materials, audio recordings and readers. Primary consideration will be given to the requests of the person with a disability in the selection of the appropriate auxiliary aid and/or service. Should the Board demonstrate such request would result in a fundamental alteration in the service, program or activity or an undue financial and administrative burden, an alternate, equally effective communication will be used.
